

# THANCS group

## The Head And Neck Cancer Support group for Hereford & Worcester

THANCS Group aims to improve the lives of head & neck cancer patients and their carers by creating a spirit of friendship and support, with open, honest and confidential discussion between group members, at any stage of the cancer journey

### What we offer...

- The chance to meet others who have been through a similar experience
- Information on support for patients, carers and families
- The opportunity to be matched with a 'buddy'; a specific group member who has had similar treatment or experiences

### What we do...

- Meet throughout the year with a choice of two venues. Members can attend any meeting or venue to suit
- Publish and send a quarterly newsletter to all head & neck patients
- Publish and issue a recipe booklet, including tips on nutrition
- Support the work of the clinical Head & Neck team
